

Fendt® Exhibit at Commodity Classic to Feature New Fendt 200 Vario® Tractor and Many AE50 Award-Winners

Fendt's exhibit at the 2023 Commodity Classic in Orlando, Florida, on March 9-11, will include the new Fendt 200 Vario Series tractor. The Fendt 200 is the smallest tractor in Fendt's award-winning lineup and is ideally suited for many operations...

March 02, 2023

DULUTH, GA | [AGCO Corporation](#) (NYSE: AGCO), a global leader in the design, manufacture and distribution of agricultural machinery and precision ag technology, will exhibit many of its most innovative Fendt® solutions at the 2023 Commodity Classic in Orlando, Florida, on March 9-11. Included in the display will be the new Fendt 200 Vario® series tractor, AE50 award-winners from across its product lines, and a new interactive

LiquidLogic™ display that allows attendees to perform boom cleanout, recirculation, and priming steps as if they are in the cab of the Fendt Rogator® applicator.

“We’re very excited to welcome growers to Commodity Classic,” said Joe DiPietro, Fendt VP and AGCO North America GM. “Fendt’s exhibit highlights cutting-edge innovations that not only span the whole booth but entire growing operations, as well. Regardless of the size or specialty of their farms, Commodity Classic attendees will see the future of farming in the Fendt booth!”

AGCO and Fendt enter Commodity Classic after a very successful year of sales and industry honors. In February, the company [announced record sales](#) and impressive growth in 2022, including Fendt’s continued expansion into North America. AGCO also scored a record-setting performance of [ten AE50 awards](#), which are presented by the American Society of Agricultural and Biological Engineers (ASABE) for the industry’s most innovative engineering designs. Many AE50-winning Fendt products will be displayed at Commodity Classic, including the 300, 700 Gen7, and 1100 MT Vario tractors, the Rogator 900 Series applicator, the IDEAL® 10T combine, and the revolutionary Momentum® planter.

Fendt’s latest offering, the [200 Vario Series](#) tractor, will also be displayed at Commodity Classic after its North American debut just weeks earlier. As Fendt’s smallest tractor, the 200 Vario Series combines a compact design with high performance in three models ranging from 94 to 114 hp. The 200’s small size doesn’t mean it sacrifices capabilities or comfort, as it offers a continuously variable transmission (CVT), the FendtONE™ operator station, a spacious cab, and the Fendt Gold Star Customer Care warranty for superior service and maintenance.

To learn more about Fendt’s innovative solutions, visit [Fendt.com](#) and [AGCOcorp.com](#), or stop by the Fendt booth (#2575) at Commodity Classic in Orlando, Florida, on March 9-11.
