

ONE SMART SPRAY from Fendt and Bosch BASF Wins CropLife IRON Showstopper Award at MAGIE 2023

AGCO's Fendt Rogator applicator displayed ONE SMART SPRAY at the 2023 Farm Progress Show after winning the Showstopper Award at the 2023 MAGIE Show in Bloomington, IL. ONE SMART SPRAY, a collaborative project between Fendt and Bosch BASF, leverages...

September 12, 2023

[AGCO Corporation](#) (NYSE: AGCO), a global leader in the design, manufacture, and distribution of agricultural machinery and precision ag technology, announced that the [ONE SMART SPRAY](#) System, a collaborative project between AGCO's Fendt ® brand and Bosch BASF, won the CropLife IRON Showstopper Award at the 2023 Midwest AG Industries Exhibition (MAGIE) Show in Bloomington, Illinois, on August 23, 2023. The honor is given by Croplife IRON magazine and the Illinois Fertilizer & Chemical Association (IFCA) to the product recognized by attendees as the "best in show."

ONE SMART SPRAY is a precision ag technology that leverages high-resolution cameras to detect weeds in real time and spray herbicide only where needed, reducing the use and cost of inputs for growers. Fendt is integrating ONE SMART SPRAY into its [award-winning Rogator ® 900 solution](#), the industry's only self-propelled, adjustable-height applicator. ONE SMART SPRAY is currently in field testing; general availability is anticipated in 2025.

“We’re very honored with this recognition,” said David Fickel, senior marketing manager, AGCO Application. “The Showstopper Award traditionally goes to the product that generates the most ‘buzz’ at MAGIE, and ONE SMART SPRAY really captured attendees’ attention! The field tests are confirming ONE SMART SPRAY’s accuracy and ability to reduce inputs and costs, so we’re excited to get it into farmers’ fields.”
