

APPAREO

AGCO Agrees to Acquire Appareo Systems

December 21, 2021

Increases engineering and manufacturing capabilities as well as capacity in software development and related hardware to deliver end-to-end enhanced technology solutions

AGCO, Your Agriculture Company, (NYSE:AGCO), a worldwide manufacturer and distributor of agricultural machinery and precision ag technology, announced an agreement to acquire Appareo Systems, LLC (“Appareo”), a leader in software engineering, hardware development and electronic manufacturing. The acquisition is expected to close in January 2022.

Appareo, based in Fargo, North Dakota, specializes in the research, development, design, and manufacture of tangible technology that utilizes A.I., mechatronics, and innovative electronics designed to deliver exceptional customer value. The solutions Appareo has delivered are focused on communication, monitoring, sensing, tracking and controlling devices and systems used in the agricultural and aviation industries as well as other off-road businesses.

“Appareo has developed a world-class organization with exceptional capabilities to solve highly complex customer problems in emerging technology areas,” said Eric Hansotia, AGCO’s Chairman, President and Chief Executive Officer. “We see Appareo as a great addition to support delivering high quality, smart solutions to our farmers to maximize both their user experience and profitability. The addition of Appareo enhances our portfolio and talent as we execute our strategy to provide advanced technology solutions to farmers around the world.”

AGCO intends to retain the Appareo team and maintain its operations in Fargo, North Dakota and Paris, France.

Cautionary Statements Regarding Forward-Looking Information

Statements which are not historical facts, including expectations regarding the closing of the acquisition and its benefits, are forward-looking and subject to risks that could cause actual results to differ materially from those suggested by the statements. These risks include, but are not limited to, the failure to satisfy closing conditions, the possible lack of success in developing the technology, and the lack of customer acceptance of the technology. Undue reliance should not be placed on these forward-looking statements, which are current as of the date of this release, and AGCO and Appareo Systems disclaim any obligation to update any forward-looking statements except as required by law.
